Values Statement *We achieve our Vision and Mission through living our values:*

We: -

Communicate effectively

We consult with and listen to each other. We keep each other informed and share information. We give and receive timely and constructive feedback. We are open, honest, and clear in our communication with each other.

Act with professionalism and integrity

We show respect to the people we work with and the public we serve. We are honest, trustworthy and professional in all our dealings. We act without favour or bias.

Work co-operatively

We promote teamwork and co-operation across the Council. We work together to achieve our goals. We support and encourage each other. We appreciate the views and talents of others.

Seek continuous improvement

We promote and encourage learning, development and innovation. We take responsibility for initiating improvement and for learning from our mistakes. We seek to provide quality advice and service.

Lead by example

We are leaders in the community. We allow each other to lead and inspire achievement and excellence. We acknowledge and celebrate successes. We live our values.
