SPECIAL CONDITIONS

Engineering Manager: _____ Date: _____

CONDITIONS

1. A fee plus inspection costs are payable on application – see Council’s current Schedule of Fees and Charges. *(Available on Council’s website)*
2. The Council gives no tenure to any land enclosed, and gates / fences or other erections thereon must be removed as and when so required by the Council.
3. The Council and any Government Department or Local Body functioning in the locality may enter upon the enclosed land and do such things as if no enclosure existed and be not held responsible to the applicant for any damage or loss thereby occasioned, nor will the applicant have any claim for damage extending to his/her land if this results from inadvertence occasioned by the true boundary line not being clearly defined.
4. No gates or other erections or works shall be constructed or performed so as to constitute a danger to any user of the public highways, nor shall the same obstruct traffic or visibility.
5. The area enclosed must be to the approval of the Engineering Manager, but the fact of such approval will place no onus on the Council or relieve the applicant of any of the responsibilities herein stated or implied.
6. The plan to be submitted by the applicant must show the position of the gate. It will be sufficient if this is a sketch plan with measurements showing the position of the new gate in relation to the true boundary.
7. The gate must be left in an unlocked condition at all times and a professionally constructed sign installed in a prominent position on the gate advising that “PUBLIC ACCESS IS PERMITTED”.
