I refer to your official information request dated 22 April 2024 for information relating to Crematoriums.

The information you have requested is below:

- I am investigating current crematoria ownership within NZ and ask if you could provide this information, as it would help me in my research project.
All of the crematoriums in the Tasman District are privately owned. Council has located 6 properties where resource consents are held for crematoriums within the Tasman District Council. Please find **attached** a list providing detail further detail including location.
